Dear _____

We represent the _____which provides your medical benefits. This plan includes a “right to recovery” provision. This provision, which helps to control the cost of your benefit program, permits recovery of benefits advanced as a result of the actions of responsible third parties.

Information provided with your claim indicates that the expenses may have resulted from injuries or illness involving a third party. Under the plan provision described above, there is no coverage for such expenses to the extent that they are reimbursable as a result of third party liability action. However, the plan does allow temporary benefits to be advanced on such claims pending the results of a third party liability action. In order for provisional benefits to be paid on an ongoing basis, the following information must be submitted by you to our office:

- Reimbursement Agreement: The enclosed agreement should be signed by you indicating your agreement that, should a recovery be realized from a negligent third party, the plan will be reimbursed.

- General Liability Information/Motor Vehicle Accident: The enclosed questionnaire must be completed. This will enable us to determine whether your claim would be subject to the right to recovery provision and, if so, what actions should be taken by us to assure that your claim is processed in accordance with this provision.

Should you have any questions regarding the right to recovery provision or this letter, please feel free to contact us.

Sincerely,
